

Study name: Children, Young People and Flooding: Recovery and Resilience

Reference No: 853372

Depositor: Maggie Mort

Overview of files

File name	File description
CYPF Data List	An Excel spreadsheet of available data files together with file identifiers, key participant information and the length of each file.
CYPF Information, Recruitment and Consent Forms	The information and recruitment sheets provided to project participants and parents/carers outlining the aims of the research, their role within the project and the proposed outcomes of the research. Consent forms provided to project participants to complete in advance of participation in the project.
CYPF Workshop Schedules	A set of sample workshop plans and detailed guides from one of the sites examined in the project.
CYPF Conversations	This folder contains 28 Group Conversation transcripts and 11 Individual Conversation transcripts. The data are divided into four sub-folders in sequential order. Two folders containing anonymised group conversations from the Walk and Talk, Photo Talk and Sandplay and Modelling Talk activities labelled: 1) Primary Children Group Conversations and 2) Secondary Children Group Conversations. Two folders containing anonymised face-to-face interview transcripts from one of the sites examined in the project labelled 3) Secondary Children Individual Conversations and 4) Adult Individual Conversations. Anonymised transcripts are available in MS Word format and identified by a unique file name referenced in the CYPF Data List. Identifiers such as names, dates, locations and key organisational details have been removed to retain the anonymity of participants wherever possible.
CYPF Images	A folder containing 111 jpeg images from a) photographs taken during the Walk and Talk activity and discussed during group Photo Talk sessions b) photographs of children engaged in sandplay and modelling activity c) photographs of group models d) photographs of individual models. Identifiers such as names and locations have been removed to retain the anonymity of participants wherever possible.
CYPF Publications	Two peer reviewed journal articles and one provocation
