

Volunteers needed for research on maternity care for migrants

Do you work in health and social care in Leeds, Manchester, or Kirklees? Do you work with pregnant migrants as part of your job?

If yes, I would like to interview you for a university research project about migrant women and maternity care.

All interviews will be confidential, and we will not use your real name. Your expenses will be paid.

This project is funded by the Wellcome Trust, and is based at Lancaster University.

**If you are interested, please contact
Dr Gwyneth Loneran on 07742 738 205 or at
g.loneran@lancaster.ac.uk**
