

**EPSRC Marine Wave Programme 2020**  
**Novel High Performance Wave Energy Converter Research Project (NHP-WEC)**

**EPSRC Project Workshop: NHP-WEC Marine Energy Project**

**DATE:** 25/10/2021

**TIME:** 14:00-15:30 UK TIME (ONLINE)

Dear Participants,

We would like to invite you in the 1<sup>st</sup> workshop of our EPSRC funded project: 'Novel High Performance Wave Energy Converters with advanced control, reliability and survivability systems through machine-learning forecasting (NHP-WEC)' project.

The workshop will be held virtually on 25/10/2021 at 14:00 (UK time) and will cover the following:

<b>Agenda</b>		
14:00	Welcome & Introduction to NHP-WEC	George Aggidis (Lancaster University - LU)
14:05	TALOS & WP4	George Aggidis (LU)
14:10	SmartWave	Robert Dorrell (University of Hull - UoH)
14:15	WP2: Survivability, reliability and optimized control of devices in the marine environment	Xiandong Ma (LU)
14:20	WP1: Concept	Wanan Sheng (LU)
14:35	WP3: Sea state forecasting and resource evaluation	Evdokia Tapoglou (UoH)
14:50	Q&A Panel Discussion	All
15:30	Close	

For more information about the project see [here](#).

Please feel free to join us on the link : [Click here to join the meeting](#)

Kind Regards,

The NHP-WEC team
