**17<sup>th</sup> November 2023, 7 PM - 10.15 PM CET**

***Hosted by the Practice Theory Consortium***

The Gathering is designed to foster connections between PhD researchers, early career researchers, and others working with theories of practice across the world and in various disciplines. You are invited to join us for one or two days of activities:

On the **16<sup>th</sup> of November** the Gathering will start with four 'curtain raising' **presentations** on what theories of practice have to say about large social phenomena. This will be followed by **group discussions and reading rooms**. These sessions will draw on the expertise and experience of:

**Thomas Alkemeyer, Silvia Gherardi, Mikko Jalas, Katy Mason, Cecily Maller, Davide Nicolini, Seweryn Rudnicki, Ela Sjølie, Matt Watson and others.**

On the **17<sup>th</sup> of November**, and for those who have submitted some writing, sessions will focus on shared works in progress.

Throughout the Gathering there will also be opportunities to meet and chat with fellow practice theory enthusiasts during more **casual sessions**.

To **register** to be a part of the 2023 Gathering, **please complete this form** by the **31<sup>st</sup> of July 2023**.

If you want to submit writing for discussion and comment, please provide a brief (250 word) abstract via the registration form. The writing may relate to your current research project, be a part of your thesis, or be another piece of thought - it is up to you. We will invite longer pieces (no more than 3000 words) based on these abstracts. The deadline for submission of the longer pieces will be the **1<sup>st</sup> of October 2023**.

**No fee** is required to take part in the event.

The number of participants will be limited and participation will be granted on a 'first come, first serve' basis.
