### References

We require referees that can comment on your academic record and potential for research at postgraduate level rather than those who will provide character references. This normally means that your referees should be members of academic staff who knew you at your present/previous university, perhaps a dissertation supervisor. It is helpful if your referees have been briefed by you on the project you are applying for.

Please note it is your responsibility to arrange for two references to be submitted as part of your application, ideally before the deadline. Please send the reference form with your details completed, to your two referees and ask them to email it to the email address as indicated on the project advert by the deadline.

### Submission

**Submit** this application form with your CV (Please note only word doc or pdf files are accepted) to the email address as indicated within the project advert
