Click on Alerts

Alerts are used in EasyChair to attract your attention to something that requires your response. They are normally created as a result of actions of other people. For example, when somebody asks you to make a review, a subreviewer alert will appear amongst your alerts.

For nearly each of these alerts, you can remove them either by making your response to the alert or simple dismissing the alerts without a response.

You alerts are shown and explained below. Follow the "view" link to view or respond to them. If you do not want to a particular alert at all, click on its "dismiss" column.

The alert has been removed!

Employment status = copyright status

An author's copyright status is determined to a large extent by the type of employer for whom the author works. For example, if you are employed by the U.S. Government, and you are the sole author of your paper, then you should select "Employed by United States Government."

Similarly, if you are the sole author and you are employed by a Crown Government (or if you and all your coauthors are Crown Government employees), then copyright to your paper will remain with the Crown Government. You should select "Employed by a Crown Government."
